

PEDIGREE LIVESTOCK
SERVICES LIMITED

Experts in operational support, allowing you to focus on what matters most.

Our Story

Pedigree Livestock Services was established in 2019, built on a foundation of passion for pedigree livestock and agricultural excellence.

Our team brings over 160 years of combined experience in the livestock and agricultural industries, ensuring we provide top-notch services to our clients.

**Experts in operational management,
allowing you to focus on what matters most.**

Our Story

We understand the unique challenges you face. With our team of industry experts, our family-owned business is dedicated to streamlining your operations, reducing costs, and allowing you to focus on what matters most.

We are strategically located in Cumbria; just 10 miles from the M6. Our purpose-built office features modern facilities within a farm setting.

**Experts in operational management,
allowing you to focus on what matters most.**

Our Comprehensive Services

PLS offers significant benefits to your businesses, helping you to optimise operations, boost productivity, cut costs, and focus on your core business needs.

Full Service

From administration, finance, to event planning and marketing, each team member contributes unique skills to provide comprehensive support for your business.

Specialised Systems

We are proficient in ILR2, Grassroots, NBDC, and Breed Matters for data management. We're experienced in registration processes, including ET registrations and importations.

Dedicated Customer Service

We pride ourselves on delivering exceptional customer service to our partners and members. We're committed to confidentiality and data protection.

Our Comprehensive Services

Marketing and Promotion

Breed Society Management

We provide administration for prestigious breed societies, ensuring that memberships, finance, meetings, registrations and record keeping are kept up to date and accurate.

Events

We manage and support livestock events such as the Stars of the Future Calf Show, Penrith Show, and breed society shows and sales. Our experts craft detailed show reports keeping your members up to date.

Day-to-day administration

By delegating routine tasks to PLS, your business can significantly boost productivity, enabling you to concentrate on growth and innovation with confidence.

Our Comprehensive Services

Marketing and Social Media

We handle comprehensive marketing and social media management. We create engaging content across multiple platforms, including video coverage of industry events, in-depth interviews with experts and dynamic features that bring stories to life. Our team provides relevant content for social media and a deliver a weekly digital newsletter with market insights in partnership with the Livestock Auctioneers Association.

Journal and Annual Publications

We produce high-quality journals, catalogues and annual publications, showcasing your breed or agricultural business to a wide audience.

Flexibility

We offer unparalleled flexibility, allowing you to adjust support levels based on your business needs. Whether you require assistance during peak seasons or year-round support, we tailor our services to suit your requirements.

Connections Nationwide

Pedigree Livestock Services has connections across the industry as well as with commercial herds and flocks nationwide, providing extensive access to the livestock community.

**Experts in operational management,
allowing you to focus on what matters most.**

Success Stories

"Pedigree Livestock services takes away the day to day running of a breed from the society, enabling them to concentrate on driving the breed forward. I am extremely confident that all our members needs are dealt with in a professional, friendly and efficient way."

Rhys Evans, Vice Chairman Beltex Sheep Society

**Experts in operational management,
allowing you to focus on what matters most.**

Success Stories

"Pedigree Livestock Services has been an absolute game-changer for our society. Their support is nothing short of massive, freeing up valuable time and resources. What truly sets them apart, however, is the unparalleled knowledge that Andy and his team bring to the table. Their ability to troubleshoot and provide additional support across the entire industry is immense. It's reassuring to know that we're all benefitting from their growing experience and insights."

Seimon Thomas, Chairman of the Dairy Shorthorn Society

**Experts in operational management,
allowing you to focus on what matters most.**

Success Stories

"Stars of the Future is thrilled to be partnering with Pedigree Livestock Services to elevate the show experience. What started as catalogue creation in 2023 has blossomed into a full-fledged collaboration, with PLS now managing our show entries and administration.

Working alongside such a dynamic team has been nothing short of a delight. Their passion, professionalism, and meticulous attention to detail is truly impressive. This down-to-earth bunch of practical folk bring a refreshing mix of innovative ideas and boundless enthusiasm.

PLS's extensive network within breed societies and media outlets, combined with their can-do attitude, has made the transition seamless. Their ability to turn challenges into opportunities is remarkable.

I'm confident that with the supportive force of Pedigree Livestock Services behind us, Stars of the Future will not just grow, but flourish. Their expertise and dedication are exactly what we need to take our show to new heights."

Robert Paterson, Stars Of The Future Calf Show
